Dear Sirs,

APPLICATION FOR REGISTRATION ON THE DCL

Thank you for the completed application forms.

Further to ADC/POL3'S letter of 25th of July 1991, I am pleased to tell you that our preliminary enquiries into your application have been satisfactorily completed and that you have been added to the Defence Contractors List. Details of your status have been passed to ADC/AE1'S staff who are aware that our Quality Assurance people will be carrying out an assessment of your quality management system.

The Quality Standard to which your company will be assessed is Allied Quality Assurance Publication (AQAP) 4. The QA Directorate responsible for carrying out the assessment will appoint a Team Leader who will contact you in the near future regarding the preliminary visit during which the assessment procedure will be explained and a date for the assessment proper will be set by mutual agreement.

Of course, as a result of the previous assessment of Mr Mendoros while trading as Euravia Engineering & Supply Co, you will be doubtless be reasonably familiar with the procedure.

Copies of all AQAPs related to the assessment should be held prior to the preliminary visit and you should be fully aware of what is required of your company in order to meet the relevant AQAP.
